

Good News!

Year 6 This week we found out our SATs results. Everyone achieved a really high standard and our teachers are extremely proud of all the hard work and effort we have put in to everything. I was so happy to find out that I got full marks in the Reading Comprehension (Andrew) and my biggest achievement was my score in my maths papers because at the beginning of Year 6 I lacked confidence in maths and now I have proved I am a great mathematician (Sienna). We have also been practicing our play with our props and we are excited about having a try on of our costumes later.

Andrew and Sienna

Year 5 We had fun getting ready for our Celebration of Work evening. We drew pictures of 3-D tornadoes because we have been studying extreme weather and what causes it. I enjoyed learning about the weather in the Caribbean where they have lots of tropical storms (Sophie) and I found learning about the causes of earthquakes really interesting (Daniel). We have a funny, fast song to sing in the KS2 production and we have put it all together on the stage this week. We also had 'Move Up Morning' this week where we found out who will be our teachers next year. We are pleased to have Miss More as our Year 6 teacher and we are excited for September.

Sophie and Daniel

Year 3 We have been reading a book called Whatever Next in class and we have been working on our writing skills to re-write it but to a Year 3 standard. We added 'wow' words, changed the story a little to make it more interesting, added expanded noun phrases and embedded clauses. It was quite challenging! Today we are writing instructions on how to make a picnic. We are using phrases and words like 'first of all' and 'finally' and time connectives. I have really enjoyed practicing for our song for the school play because we have some funny actions (Freddie). At the beginning it was so funny because Mrs Armstrong thought we could do The Floss but we were all doing it at different speeds and it was just too funny! (Bardia).

Bardia and Freddie

Year 1 We have been colouring in animals and we got to take them home. We made our toy shops out of boxes. I put a bubble gum machine, a teddy bear, colouring pencils, 'squashies' and nail varnish in my shop (Lilly). In my shop, I put a slushie machine, some colouring books, a skateboard and a scooter (Daglar). We have been practising our numbers 1 to 10 in maths and we have been learning poems. I know the days of the week. They are Monday, Tuesday, Wednesday, Thursday, Friday, Saturday and Sunday (Lilly). Daglar and Lilly

Foundation

We have been making models. I helped Amelia make some nice things for her rabbits. We made cages and nets out of old junk like blueberry pots and breakfast packets (Darcey). We have been playing mums and dads and on the bikes and trikes and the 2 wheeled scooters. I enjoyed move up day (Oskar). Our new teachers are going to be Mrs Banks and Mrs Head. We made some sparkly things when we went to the Year 1 classroom and Mrs Banks is going to put them up on the wall for us. They were all different colours. Darcey and Oskar

Year 4

We have been practicing our song for the summer production and it is called 'We are the Stoats'. We have to be mean and evil because in the play, the Stoats and Weasels are the baddies. I really enjoyed getting ready for our Celebration of Work evening and showing off my work, particularly my Lap Book of the Vikings and The Rainforest (Lyra). I came to the Celebration of Work evening last night with my mum and dad. I felt proud to show them all the things I have done, especially my chalk picture of a Toucan from the Rainforest.

Cameron and Lyra

Year 2 We have made our bathing machines as part of our seaside holidays topic. They are boxes where you go inside and get into a bathing suit. We could choose red and white stripes or blue and white stripes. We also made ice cream vans out of cardboard boxes. I would sell a Penny Lick ice cream because you pay 1p and you just get one lick. It sounds a bit disgusting but in the old days they didn't care about germs. We have now finished making our Didgeridoo and it looks great. We each brought in a tube and Mrs V painted them and we made the pictures that are stuck onto them. Mrs V is quite a good painter. Not the best but she is OK!

Jacob and Oliver C

Week ending Friday 13th July 2018

Good News!

continued

Dr Marshall's Memorable Moment

It really was lovely to see so many of you at yesterday evening's Celebration of Work evening! The school looked absolutely wonderful and I greatly appreciated the number of comments about how hard the staff had worked, as well as the children of course! I will hugely miss events like this when I retire, because they are such a wonderful affirmation of the way in which we all work together, on the children's behalf.

RIBIT Certificates

There were no RIBIT certificates given out this week due to move up morning.

Who received a Good News Certificate this week

Foundation Class

Arthur H-M

Freddie B

Lila P

Owen W

Emily P

William T
